

PSC NO: 15 ELECTRICITY

LEAF: 163.5.23

COMPANY: CENTRAL HUDSON GAS & ELECTRIC CORPORATION

REVISION: 1

INITIAL EFFECTIVE DATE: 07/27/15

SUPERSEDING REVISION: 0

Issued in Compliance with Notice Establishing Filing Requirements dated January 15, 2015

38. NET METERING FOR CUSTOMER GENERATORS (Cont'd)**E. Residential, Farm Service and Non-Residential Wind Electric Generation** (Cont'd)**Metering:**

Metering configuration will be determined by the Company. In the event that:

- (a) the Company determines that a second meter is a necessary part of an interconnection, the costs of such meter installation will be considered to be interconnection costs pursuant to Addendum New York State Standardized Interconnection Requirements, but shall not be deemed necessary for safety and adequacy of service; or,
- (b) the customer elects a second meter installation, the meter shall be treated as a component of the customer's generation system and the customer shall bear the cost of such meter installation.

Billing:

Customers with electric wind generating equipment who satisfy all installation and operation requirements will be allowed to combine their purchases from and sales to the Company in a billing period.

1. For non-demand metered customers in the event that:

- (a) the amount purchased from the Company exceeds the amount sold to the Company (net purchases) in a billing period, the customer will be billed for the difference at the applicable rates specified in the customer's applicable Service Classification.
- (b) the amount sold to the Company exceeds the amount purchased from the Company (net sales), the difference will be transferred to the following billing period and added to amounts sold by the customer in that period. In that latter period, differences will either be billed at applicable rates as in (a) above, or transferred to the following billing period depending on whether the differences represent net purchases or net sales, respectively.
- (c) For residential and farm service wind customers: the difference in the billing period that ends directly on or after twelve (12) months from the time the customer contracted for this service ("anniversary date") represents net sales to the Company, the Company will pay the customer for this difference at the applicable rate under Service Classification No. 10. The customer may make a one-time election to select an alternate anniversary date to be effective for all payments, as applicable.
- (d) For non-residential wind customers: the customer has supplied excess energy to the Company at the end of twelve (12) months from the time the customer contracted for this service, excess kWh supplied to the Company will be transferred to the following billing period and added to the amounts sold by the customer in that period.
