#### 2.2.1 APPLICATION FOR SERVICE

- A. Service is offered subject to the availability of facilities and the provisions of this Tariff. Service is offered and provided subject to the availability on a continuing basis of the necessary facilities and/or equipment. The Company reserves the right to provide services only to and from locations where the necessary facilities and/or equipment are available and the furnishing of services under this Tariff is limited to the capacity of the Company's facilities as well as facilities the Company may obtain from other carriers to furnish service from time to time as required at the sole discretion of the Company.
- B. The furnishing of the communications services under the terms of this Tariff will be provided by the Company alone, or in conjunction with services of other carriers. Service is available 24 hours per day, 7 days per week for the transmission of interexchange telephone calls.
- C. Service consists of the furnishing of transmission capabilities to customers, authorized users, and joint users for the placement and/or receipt of long distance calls between the locations specified herein. Such services are offered subject to the availability of the necessary facilities and equipment to provide the service.
- D. The Company, when acting at the customer's request and as its authorized agent, will make reasonable efforts to arrange for presubscription, interconnection, and other service requirements.
- E. The Company may require a Subscriber to sign an application form furnished by the Company and to establish his credit as provided in these Regulations, as a condition precedent to the initial establishment of such service. Company's acceptance of an order for service to be provided to an applicant whose credit has not been duly established, may be subject to the provisions as described elsewhere in this Tariff.
- F. The Company may also require a signed authorization from the Subscriber for additions to or changes in existing service for such a Subscriber.
