PSC NO. 1 - TELEPHONE
Interexchange Services
Effective Date: July 23, 2015

Section 2
Leaf 41
Revision: 0
Superseding Revision:

2. GENERAL REGULATIONS

2.4 LIABILITY OF THE COMPANY/LIMITATIONS OF LIABILITY (Cont'd)

- I. The Company does not guarantee or make any warranty with respect to any equipment provided by it where such equipment is used in locations containing an atmosphere which is explosive, prone to fire, dangerous or otherwise unsuitable for such equipment. Customers and authorized users indemnify and hold the Company harmless from any and all loss, claims, demands, suits or other action, or any liability whatsoever, whether suffered, made, instituted, or asserted by any party or persons, for any personal injury to or death of any person or persons, and for any loss, damage, or destruction of any property, whether owned by the customer, authorized user, or others, caused or claimed to have been caused directly or indirectly by the installation, operation, failure to operate, maintenance, removal, presence, condition, location, or use of such equipment so used.
- J. Except for physical damage to customer's transmission facilities or customer premise equipment directly caused by the Company's negligence or willful misconduct, the Company is not responsible for unauthorized access to, or alteration, theft, or destruction of, customer's equipment, data, programs or other information through accident, wrongful means or any other cause while such information is stored on or transmitted across Company-provided network facilities or customer premise equipment. Customer is responsible for any Company service or usage charges resulting from any such unauthorized access, unless a tariff, schedule or other written agreement expressly states otherwise.
- K. Service may be discontinued without notice to a customer by blocking traffic to certain cities or exchanges, or by blocking calls using certain access codes or authorization codes, when the Company deems it necessary to take such action to prevent unlawful use of its services. Service will be restored as soon as it can be provided without undue risk, and will, upon request by the customer affected, assign a new authorization code to replace the one that has been deactivated. The Company may, without notice, (consistent with governing laws or regulations) block traffic to local telephone exchanges ("NXX exchanges"), individual telephone stations, groups or ranges of individual telephone stations, or calls using certain customer authorized codes, whenever the Company deems it necessary to take such action to prevent (1) the unlawful use of service; (2) nonpayment for service; (3) the use of service in violation of this Tariff; or (4) network blockage or the degradation of service furnished to the customer or other customers.
