## SECTION 2 – REGULATIONS

### 2.4 CUSTOMER EQUIPMENT AND CHANNELS (Cont'd)

#### 2.4.3 INTERCONNECTION OF FACILITIES

- A. Any special interface equipment necessary to achieve compatibility between the facilities and equipment of the Company used for furnishing Local Exchange Services and the channels, facilities, or equipment of others shall be provided at the customer's expense.
- B. Local Services may be connected to the services or facilities of other communications carriers only when authorized by, and in accordance with, the terms and conditions of the tariffs of the other communications carriers which are applicable to such connections.
- C. Facilities furnished under this Tariff may be connected to customer provided terminal equipment in accordance with the provisions of this Tariff.

#### 2.4.4 INSPECTIONS

- A. Upon reasonable notification to the customer, and at a reasonable time, the Company may make such tests and inspections as may be necessary to determine that the customer is complying with requirements set forth in 2.4.2.B. preceding for the installations, operation, and maintenance of customer-provided facilities, equipment, and wiring in the connection of customer-provided facilities and equipment to Company-owned facilities and equipment.
- B. If the protective requirements for customer-provided equipment are not being complied with, the Company may take such action as it deems necessary to protect its facilities, equipment and personnel. The Company will notify the customer promptly if there is any need for further corrective action. Within ten days of receiving this notice, the customer must take this corrective action and notify the Company of the action taken. If the customer fails to do this, the Company may take whatever additional action is deemed necessary, including the suspension of service, to protect its facilities, equipment, and personnel from harm. The Company will, upon a request from the customer 24 hours in advance, provide the customer with a statement of technical parameters that the customer's equipment must meet.
