SECTION 6 - BUSINESS NETWORK SWITCHED SERVICES, (CONT'D.)

6.2 Service Descriptions and Rates, (Cont'd.)

6.2.7 Converged Voice Service, (Cont'd.)

A. General, (Cont'd.)

For the Customer who selects line based channels, the Deluxe Feature Package defined in Section 5.18.3 is available at no additional charge. The Customer is also eligible to purchase the Custom Feature Package as defined in Section 5.18.3. The Customer will also receive the first 100 (Individual Telephone Number (ITN), Virtual Telephone Number (VTN) and Remote Telephone Number (RTN)) per service location at no charge. Additional ITNs will be charged as described in Section 6.2.2. Additional VTNs will be charged as described in Section 6.2.8. Additional RTNs are charged as described in Section 6.2.10.

Three distinct bundles are available:

1. Voice + Internet

The Customer designates the number of voice channels to be configured as described above. The remaining available bandwidth, including excess bandwidth available when all voice services are not in use, will be dynamically allocated for Internet access service.

2. Voice + VPN

The Customer designates the number of voice channels to be configured as described above. The remaining available bandwidth, including excess bandwidth available when all voice services are not in use, will be dynamically allocated for VPN access service.

3. Voice + VPN + Secure Internet Access

The Customer designates the number of voice channels to be configured as described above. The remaining available bandwidth, including excess bandwidth available when all voice services are not in use, will be dynamically allocated for VPN and Secure Internet Access services.
