

PSC NO: 10 – Electricity
Consolidated Edison Company of New York, Inc.
Initial Effective Date: 11/28/2016
Issued in compliance with order in Case 14-M-0224 dated 04/21/2016

Leaf: 130
Revision: 1
Superseding Revision: 0

GENERAL RULES

17. Special Services Performed by the Company at a Charge – Continued

17.7 Termination of Service to Outdoor Signs at the Request of Department of Transportation

Upon written notice from the New York State Department of Transportation (DOT) the Company within 15 days of receipt of the notice, will discontinue service to any outdoor advertisement sign, display or device deemed to be a public nuisance in accordance with Section 88 of the State Highway Law, provided that:

- a. There will be no adverse effect on electric service supplied for any other purpose;
- b. The DOT notice states that, the outdoor advertisement sign, display or device has been found to be a public nuisance, pursuant to Section 88 of the State Highway Law; that the required 30 day notice provided for in said Law has been given; and that the finding of public nuisance and the notice provided for in said Law have not been stayed, modified or revoked;
- c. The DOT notice shows the anticipated removal date of the sign, display or device; and
- d. The DOT notice states that DOT will reimburse the Company for the cost of discontinuing service. The cost of such service discontinuance shall be charged upon the basis of cost to the Company as defined in General Rule 17.3 herein.

17.8 Data Services for Community Choice Aggregation

Under Community Choice Aggregation (“CCA”), the “CCA Administrator” is either a municipality, as defined in the PSC’s Order of April 21, 2016, in Case 14-M-0224 (“CCA Order”), acting on its own behalf or a third party acting on behalf of the municipality. CCA Administrators may request CCA Data Services as described below, subject to the requirements of the PSC as specified in its CCA Order and other Orders as may be issued from time to time. CCA Data Services provided by the Company include: (a) aggregated customer data for the past 12 months for eligible service classifications, by service classification, for classes the CCA Administrator plans to enroll in CCA on an opt-out basis, including the number of eligible electric Customers, the aggregated peak demand (kW) by month for demand-billed classes, and aggregated energy (kWh) by month; and (b) Customer-specific information, consisting of the Customer’s name, mailing address, telephone number, account number, and primary language, if available, and any alternate billing name, address, and phone number, for use by the CCA Administrator to execute a CCA opt-out process. Aggregated customer data will not be provided for any service classification having either too few Customers or one Customer comprising a large portion of the load, which could provide significant information about an individual Customer’s usage.

Initial fees for CCA Data Services requested by a CCA Administrator are payable as follows:

\$0.30 per account for electric CCA Data Services, payable by the CCA Administrator after the PSC’s approval of the CCA Implementation Plan, Data Protection Plan, and certification of local authorization, provided that the CCA Administrator has entered into a Data Security Agreement with the Company; and

\$2.70 per account for electric CCA Data Services, payable by the CCA Administrator or the ESCO after demonstrating that the ESCO has entered into a contract with the municipality to provide energy supply to CCA participants.

There will be an additional fee of \$1.50 per account for electric CCA Data Services, payable by the CCA Administrator or ESCO, as applicable, for any request beyond the CCA Administrator’s initial request.
