46. COMMUNITY CHOICE AGGREGATION (Cont'd)

B. Provision of Standard Data: (Cont'd)

3. Enrollment Data: After the opt-out process has been completed, the municipality or ESCO providing service for the CCA may submit a request for further data from the Company on customers who have not opted-out of the municipality's CCA program using the applicable Electronic Data Interchange ("EDI") standards.
4. Monthly List: Once a municipality's CCA program has started providing service, the municipality may request a monthly list of new eligible customers in the municipality. This data will include the data provided in General Information Section 46.B.2. A charge of \$1.00 per customer per request will be billed to the ESCO providing service for the CCA.

C. Provision of Customized Data:

In the event that a municipality requires data in addition to the standard data provided pursuant to General Information Section 46.B, the Company and the municipality shall negotiate a fee for the performance of a feasibility study to determine whether the Company can provide the requested customized data, when the data may be available and the price that the municipality must pay for the data and the format in which the Company may provide the data to the municipality. The municipality, or its designee, will be required to execute a CCA Customized Data Request Agreement as follows:
