16. Special Construction (cont'd)

16.2 Regulation (cont'd)

16.2.6 Deferral of Start of Service

The Company may be requested to defer the start of service which will use specially constructed facilities subject to the provisions set forth in this tariff. Requests for special construction deferral must be in writing and are subject to the following regulations:

A. Construction Has Begun

If the construction of facilities has begun before the Company receives for deferral, charges will vary as follows:

1. All Services Are Deferred

When all services, which will use specially constructed facilities, are deferred, a charge based on the costs incurred by the Company during each month of the deferral will apply. Those costs include the recurring costs for that portion of the facilities already completed and any other costs associated with the deferral. The cost of any components of the non-recurring charge which have been completed at the time of deferral will also apply.

2. Some Services are Deferred

When some services which will use the specially constructed facilities are deferred, the construction case will be completed and all special construction charges will apply.

B. Construction Complete

If the construction of facilities has been completed before the Company receives a request for deferral, all special construction charges will apply.
