## INTRASTATE ACCESS SERVICE

### 13. Additional Engineering, Additional Labor and Miscellaneous Services (cont'd)

#### 13.3 Miscellaneous Services

##### 13.3.1 Testing Services

Testing Services offered under this section of the tariff are optional and subject to rates and charges as set forth in the Company's rate schedule. Other testing services, as described in Section 6.2.4 preceding, are provided by the Company in association with Access Services and are furnished at no additional charge.

Testing services are normally provided by Company personnel at Company locations. However, provisions are made in (B) (2) following for a Customer to request Company personnel to perform testing services at the Customer designated premises.

The offering of Testing Services under this section of the tariff is made subject to the availability of the necessary qualified personnel and test equipment at the various test locations mentioned in (A) and (B) following.

#### A. Switched Access Service

Testing Services for Switched Access are comprised of (a) tests which are performed during the installation of a Switched Access Service, i.e., Acceptance Tests, (b) tests which are performed after Customer acceptance of such access services and which are without charge i.e., routing testing and (c) additional tests which are performed during or after Customer acceptance of such access services and for which additional charges apply, i.e., Additional cooperative Acceptance Tests and in-service tests.

Routine tests are those tests performed by the Company on a regular basis, as set forth in Section 6.2.4 preceding which are required to maintain Switched Access Service. Additional in-service test may be done on an automatic basis (no Company or Customer technicians involved), on a manual basis [Company technician(s) involved at Company office(s) and Company or Customer technician(s) involved at the Customer designated premises].

Testing services are ordered to the end office for FGD. Testing Services for Directory Assistance Service not routed through an access tandem is ordered to a Directory Assistance Location for each NPA.
