## SECTION 5 – SUPPLEMENTAL SERVICES (cont'd)

### 5.9 BLOCKING SERVICE

#### 5.9.1 General

Blocking service is a feature that permits customers to restrict access from their telephone line to various discretionary services. The following blocking options are available to residential and business customers:

- a) 900, 700 Blocking – allows the subscriber to block all calls beginning with the 900 and 700 prefixes (i.e. 900-XXX-XXXX) from being placed.
- b) 900, 971, 974, 540, 550, 396, 970, 976, 910, 920 & 700 Blocking – allows the subscriber to block all calls beginning with the above prefixes from being placed.
- c) Third Number Billed and Collect Call Restriction – provides the subscriber with a method of denying all third number billed and collect calls to a specific telephone number provided the transmitting operator checks their validation data base.
- d) Toll Restriction (1+ and 0+ Blocking) – provides the subscriber with local dialing capabilities but blocks any customer-dialed call that has a long distance charge associated with it.  
  
Toll Restriction will not block the following types of calls: 911 (Emergency), 1 + 800 (Toll Free), and operator assisted toll calls.
- e) Toll Restriction Plus – provides subscribers with Toll Restriction, as described in 1.d. of this Section, and blocking of 411 calls.
- f) Direct Inward Dialing Blocking (Third Party and Collect Call) – provides business customers who subscribe to DID service to have Third Party and Collect Call Blocking on the number ranges provided by the Company.

#### 5.9.2 Regulations

- a) The Company will not be liable for any charge incurred when any long distance carrier or alternative operator service provider accepts third number billed or collect calls.
- b) Blocking Service is available where equipment and facilities permit.
- c) There will be no charge for Toll Restriction when requested by a Lifeline customer.
