Revision 0
Superseding Revision 0

Switched Access Tariff

SERVICE DESCRIPTIONS, Continued

3.2 VOICE OVER INTERNET PROTOCOL – PUBLIC SWITCHED TELEPHONE NETWORK (“VOIP – PSTN”) TRAFFIC, Continued

C. Initial PVU-A Factor.

If the PVU-A factor is not available and/or cannot be implemented in Company's billing systems by August 31, 2012, the Company will adjust the Customer's initial PVU-A to zero retroactively to January 1, 2012.

D. PVU Factor Updates

The Customer may update the PVU-A factor quarterly. The Customer shall submit such update no later than the 15th day of January, April, July, and October of each year. Revised PVU factors must be based on the data for the prior three months ending the last day of December, March, June, and September respectively. The Company will use the revised PVU-A factor to calculate a revised PVU. The revised PVU will be used for future billing and will be effective on the bill date of each month and will be used for subsequent monthly billing until superseded by a new PVU factor. No prorating or back billing will be done based on the updated PVU factors. The PVU factor will be billed beginning on January 1, 2012.

E. PVU Factor Verification

Not more than twice in any year, Company may ask the Customer to verify the PVU-A factor furnished to Company and a Customer may ask Company to verify the PVU-B factor and the calculation of the PVU factor. The party so requested shall comply, and shall reasonably provide the records and other information used to determine the respective PVU-A and PVU-B factors.
