B. Call Handling and Destination Feature Package

The Call Handling and Destination Feature Package, available only with the Toll Free Database Access Service, provides feature functionality in addition to basic query. The feature package may include various destination options such as carrier selection, time of day routing, day of week routing, specific date routing, geographic routing, routing based on percent of allocation, and emergency routing profiles.

A Call Handling and Destination Feature Package charge is assessed on a per-query basis, in addition to the Customer Identification Charge as set forth in Section 4.

3.1.3. Authorized PIC Charge

A charge applies to Customers when requesting that Company perform a change in an end user's preferred interexchange carrier of choice.
