**E. Customer Eligibility Criteria**

**1. Customers Applying for Service:**

If a customer applying for service has not elected a Supply Service option by the time of billing, RG&E shall bill the customer at the appropriate default option as explained in 12.E. When a customer contacts RG&E with their choice, that Supply Service option shall be applicable to usage on and after the next regularly-scheduled estimated or actual meter reading date after such contact.

**2. Incentive Rate Customers:**

Customers receiving an Economic Incentive may select a Supply Service option as specified in the applicable Special Provision for Economic Incentives of the respective service classification. The customer must choose the same Supply Service option for their entire load.

**3. NYPA Customers**

Customers who receive a portion of their Electric Power Supply from NYPA, (Expansion, HLFM, Replacement or Preservation Power, Recharge NY Power, WNY), with Standard Load (non-NYPA load), shall be permitted to take service under any Supply Service option for their Standard Load. The NYPA load shall continue to be billed in accordance with Rule 4.L. or the Special Provision of Service Classification Nos. 3, 7 and 8. If the NYPA allocation expires or is terminated, the Supply Service option for that load shall be the same option the customer selected for the Standard Load (non-NYPA load).

**4. Service Classification No. 10 ("S.C. No. 10") Contracts:**

A customer taking service under a special contract, or receiving an incentive or discounted rate which by its terms would preclude eligibility, may not select an electricity supply pricing option. A customer may select an electricity supply service option upon expiration of such contract.

**5. Service Classification No. 14 ("S.C. No. 14") Standby Service:**

A customer taking service under S.C. 14 is eligible to select a Supply Service option as follows:

a. "OASC"

A customer taking service under S.C. No. 14 as an Existing Customer having elected the Phase-In, or as a Designated Technology Customer having elected the one-time exemption (both as defined in S.C. No. 14), shall be billed at the otherwise applicable service classification ("OASC") rate. Such customers are eligible for: 1) the RG&E Supply Service (RSS), unless the customer is required to participate in mandatory Hourly Pricing or voluntarily elects Hourly Pricing, or 2) the ESCO Supply Service (ESS).

b. S.C. No. 14:

A customer taking service under S.C. No. 14, shall be billed at the S.C. No. 14 rates set forth under the section "RATES". Such customers are eligible for: 1) RG&E Supply Service (RSS), unless the customer is required to participate in mandatory Hourly Pricing or voluntarily elects Hourly Pricing, or 2) the ESCO Supply Service (ESS).

**6. Hourly Pricing:**

Hourly Pricing is mandatory for certain non-residential demand billed customers in Service Classification Nos. 8 and 14. A customer billed at an Hourly Pricing rate is eligible to select a Supply Service option as defined in Rule 12.A.3.
