GENERAL INFORMATION

3. EXTENSION AND MAINTENANCE OF COMPANY FACILITIES TO SERVE CUSTOMER (Cont'd)

B. ALLOWANCE FOR THE PROVISION OF ELECTRIC SERVICE (Cont'd)

- (b) Allowance for Non-mandatory Residential Underground Service:
Where an applicant requests a residential underground service line in situations other than those described in (1), the cost and expense which the Company must bear shall include the material and installation costs equivalent to those relating to the length of overhead service line which the applicant would otherwise be entitled under Rule 3.A.(7)(a) measured from the Company's existing electric system (from the connection point on the bottom of the riser pole for overhead to underground connections) to each applicant's meter or point of attachment with respect to each residential building.
- (c) Allowance for Residential and Non-Residential Underground Service elected by the Company:
Where the Company chooses to provide residential or non-residential underground service, the cost and expense which the Company must bear shall include the material and installation costs relating to the necessary Company facilities that exceed the amount which the applicant would be required to pay if such facilities were installed overhead.
- (d) Provision of Mandatory or Non-mandatory Non-Residential Underground Service:
Where the Company is requested to provide a non-residential underground service to an applicant, or where a governmental authority having jurisdiction to do so requires undergrounding, the cost and expense which the Company must bear shall include the material and installation costs equivalent to those relating to the provision of non-residential overhead service to which the applicant would otherwise be entitled under Rule 3.A.(7)(b).
- (7) Overhead Allowances for Provision of Service:
- (a) Allowance for Residential Overhead Service.
Where the Company is permitted to provide residential overhead service, the cost and expense which the Company must bear shall be equal to the material and installation costs for up to 500 feet of single phase overhead distribution line and up to 100 feet of service line.
- (b) Allowance for Non-residential Overhead Service.
Where permitted to provide nonresidential overhead service, the cost and expense which the Company must bear shall be equal to the material and installation costs for up to 500 or 300 feet of overhead distribution line, for single-phase and three-phase service, respectively.
- (c) Allowance for a Combination of Overhead and Underground Service.
The costs and expenses the Company must bear shall be equal to the material and installation costs equivalent to those allowances contained in Rule 3.A.(7)(a) or Rule 3.A.(7)(b), respectively.
- (8) Facilities in Excess of Those Allowed in Rule 3.A.(7).
When an applicant requires facilities in addition to the allowances provided in Rule 3.A.(7), such costs and expenses shall be paid for by the applicant.
