

PSC No: 19 - Electricity  
 Rochester Gas and Electric Corporation  
 Initial Effective Date: July 1, 2016  
 Issued in compliance with Order in Case 15-E-0285, dated June 15, 2016

Leaf No. 77  
 Revision: 3  
 Superseding Revision: 1

## GENERAL INFORMATION

### 4. METERING AND BILLING (Cont'd)

#### **H. HISTORIC METER READ AND BILLED HISTORY DATA**

Data shall be provided to Customers and their designees as described below.

Meter read and billed history data shall be provided only at the written or verbal request of the customer offering reasonable proof that the requesting party is the customer of record or premise owner. Premise owners providing reasonable proof of identification, who are not the current customers of record, may obtain history only of premises that they own. Supplied historical meter read or billed history shall be limited by the extent the historical data is available.

The Company shall disclose a customer's meter read or billed history data to a Customer's designee only upon receipt of a signed document from the designee and with the written consent of the customer. All historical customer information obtained by the designee from the Company must be kept confidential and cannot be disclosed to others unless otherwise authorized by the customer. This information shall include account numbers and service addresses.

The following fees shall be charged to fulfill any individual request for meter read data, billed history, or both simultaneously, for a single Customer service point:

- (1) No fee for the first two requests within a 12-month period for the most recent 24 months of data, or for the life of the account if less than 24 months.
- (2) \$15.00 in total for each additional request in a 12-month period for the most recent 24 months of data beyond two requests.
- (3) \$15.00 in total for each request beyond the most recent 24 months of data, up to and including six years of available data.

The fees detailed in this paragraph shall be payable by the requestor.

Historical meter read data shall include: account number, premise address, tax district, meter multiplier, service point identifier, meter number, read date, meter reading, consumption and demand, as applicable, for each billed period, and type of meter read (company, customer, or estimated). Historical meter read data for time-of-use meters shall indicate consumption for peak and off peak hours; demand meters indicate consumption and demand; and time-of-use demand meters indicate consumption and demand for peak and off-peak hours. Usage requests which exceed the Company's basic billing determinants, consistent with the customer's Service Classification, dynamic profile information, or static profile information, the Company shall cooperate with the customer to provide the specific data, if available, for a fee. The Company shall calculate and provide the fees involved with this special request. Class average profiles and actual load shapes for Customers with interval meters shall also be supplied.

Billed history shall include: account number, premise address, billed dates, billed meter reads, consumption billed as measured in kilowatt hours and/or kilowatts, type of meter read (company, customer or estimate), and total dollar amount billed for each billed period.
