SECTION 5 - SUPPLEMENTAL SERVICES (cont'd)

5.3 CENTREX SERVICE FEATURES (cont'd)

5.3.2 Description of Features (cont'd)

- d. Circular Hunting
This feature (similar to regular hunting) is a line hunting arrangement that allows all lines in a multi-line hunt group (MLHG) to be tested for busy, regardless of the point of entry into the group. When a call is to a line in a MLHG, a regular hunt is performed starting at the station associated with the dialed number. It continues to the last station in the MLHG, then proceeds to the first station in the group and continues to hunt sequentially through the remaining lines in the group. Busy tone is returned if the original called station is reached without finding a station that is idle.
- e. Account Codes
This feature adds an account number (code) to an Automatic Message Accounting (AMA) and/or Message Detail Recording (MDR) record for assigning customer charges. The number of digits in a customer's account code group will be defined by the Company.
- f. Terminal Group and Station Restriction
This feature defines a station's network access capability either individually within a Centrex group or for the group as a whole. It defines the Centrex group and what level of access a station will have; i.e., intragroup only, toll restriction, etc.

5.3.3 Rates and Charges

- .1 Monthly Rates
Maximum and minimum rates for this service are located in Section 6, Residential Network Switched Service, and Section 7, Business Network Switched Service.
- .2 Connection Charges
Connection charges may apply when a customer requests connection to one or more features. Orders requested for the same customer account made at the same time for the same premises will be considered one request. These charges may not apply if the features are ordered at the same time as other work for the same customer account at the same premises.

Minimum: \$0.00
Maximum: \$20.00
- .3 Trial Period
The Company may elect to offer a free or reduced rate trial of any new Centrex feature(s) to prospective customers within 90 days of the establishment of the new feature. See 5.4, Service and Promotional Trials, below.
