2.0 RULES AND REGULATIONS (CONT'D)

2.14 Service Connections (Continued)

2.14.3 Shortage of Equipment and Facilities

- A. Company's acceptance of orders for Service and reconnection of any Service pursuant to Section 2.6 is subject to the availability of adequate Company equipment to provide the Service as ordered. Company reserves the right to reject an order or cancel an accepted order for Service without liability if there is inadequate equipment or facilities available to provide the Service.
- C. The furnishing of Service under this Tariff is subject to the availability on a continuing basis of all the necessary facilities and/or equipment, including those which Company may obtain from Carriers or other entities to furnish Service.
