3.1 General

Centrex Service is a multi-station system offered to the business Customer with 2 or more lines or trunks. It consists of digital switching equipment in the Company's switches connected to station lines on the Customer's premises. Centrex Service enables the Customer to originate and receive local calls within its system at no additional charge. Service to points within the local calling area is included in the charge for Centrex Service. Local calling areas are as specified in Section 10.

Centrex Service is offered on a contracted basis with various term plans. Thirty days prior to the expiration of the contract term, the subscriber may cancel service or renew for a new term commitment. If the subscriber does not cancel or renew the service, service will continue on a month to month basis at the monthly rate associated with the applicable minimum term.

Each Centrex Station Line has the following characteristics:

Terminal Interface:	2-Wire or 4-Wire as required for the provision of service
Signaling Type:	Loop Start
Pulse Type:	Dual Tone Multi-Frequency (DTMF)
Directionality:	Two-Way, In-Only or Out-Only
