STAMPS: Issued in Compliance with Order in Case 16-G-0061 dated January 25, 2017

GENERAL INFORMATION - Continued**III. General Rules, Regulations, Terms and Conditions under Which Gas Service Will Be Supplied, Applicable to and Made a Part of All Agreements for Gas Service - Continued****8. Metering and Billing – Continued****(V) Reconnection Charges**

A reconnection charge shall apply when the Company sends an employee to the Customer's premises to re-establish service to a Customer whose service has been discontinued for non-payment of a deposit or for any of the rates and charges billed pursuant to the Company's Schedule for Gas Service. The charge for re-establishment of service to a Service Classification ("SC") No. 1 Rate I Customer or corresponding SC No. 9 Rate (A)(1) Customer shall be \$65.00 each time. The charge for re-establishment of gas service to all other gas Customers excluding SC No. 1 Rate II and SC No. 3 Rate II customers and corresponding SC No. 9 Rates (A)(1) and (A)(6) customers, shall be \$245.00 each time, except as noted below.

Beginning January 1, 2017, the charge for re-establishment of gas service to SC No. 1 Rate II and SC No. 3 Rate II (Low Income) Customers or SC No. 9 Rate (A)(1) and (A)(6) Low Income Customers shall be waived for the first occurrence in each twelve-month period commencing January 1 ("Rate Year"), unless the fee waiver program ends prior to the end of such Rate Year, as explained below. After the first occurrence in a Rate Year, the reconnection charge for each Low Income Customer shall be \$65.00 for each additional occurrence in such Rate Year. The Company may grant reconnection fee waivers to individual customers more than once in a Rate Year, on a case-by-case basis and for good cause shown, provided that the Company does not forecast that it will exceed the program target of \$75,000 per Rate Year. The fee waiver program will end in any Rate Year once the cost of the program exceeds \$75,000 in such Rate Year. If the Company forecasts, based on quarterly reported data from at least the first six months, that the \$75,000 yearly program target will be exceeded, the Company may file a tariff change to limit the reconnection fee waiver to fifty percent of the total reconnection fee so that the estimated cost of waived reconnection fees, does not exceed the target for the Rate Year.

Street reconnections shall be performed at cost and recover, where applicable the costs of labor, material, corporate overhead and taxes.

Any reconnection fees waived in any Rate Year, will be recovered through the Low Income Reconciliation Adjustment component of the MRA over a twelve-month period commencing the following January 1.
