

Effective Date: 04/01/2017

PSC No: 19 - Electricity  
 Rochester Gas and Electric Corporation  
 Initial Effective Date: April 1, 2017  
 Issued in compliance with Order in Case Nos. 14-E-0151 and 14-E-0422, dated December 16, 2016.

Leaf No. 160.39.13  
 Revision: 4  
 Superseding Revision: 3

## GENERAL INFORMATION

### 20. Micro-Hydroelectric Service Option (Cont'd)

#### B. Non-Residential (Cont'd)

#### 4. Remote Net Metering (Cont'd)

##### II. Customer Requirements and Eligibility

A customer participating in Micro-Hydroelectric Non-Residential Electric Service Option may designate all or a portion of the excess credit, after application to the Host Account, to Satellite Accounts at any property owned or leased by such customer within the same load zone as determined by the Locational Based Market Price. This shall be completed on a form when submitting their initial remote net metering application.

##### 1. Host Account(s)

A customer may designate more than one Host Account and shall provide an application for each Host Account. The Host Accounts must be held by the same customer and have an identical billing name, on property owned or leased by such customer. A Host Account cannot be a Satellite Account.

- a. A demand billed customer that applies for Remote Net Metering as a Host Account shall receive monetary satellite credits calculated pursuant to Section IV.b Application of Monetary Credits.
- b. A non-demand billed customer that applies for Remote Net Metering as a Host Account shall receive volumetric per kWh satellite credits calculated pursuant to Section IV.c. Application of Volumetric Credits, except for those projects that meet the Grandfathering Requirements:

##### Grandfathering Requirements:

Net metered projects, under Public Service Law §66-j, meeting the following criteria and conditions shall be allowed to retain monetary crediting pursuant to Section IV.b Application of Monetary Credits at qualifying remote net metered locations.

##### 1. By June 1, 2015:

- i. Projects that have been interconnected; or
  - ii. Projects for which developers have submitted a completed interconnection application to the relevant utility; or
  - iii. Projects that have completed applications for grants through Program Opportunity Notices (PONs) 2112, 2439, 2589, 2860, and 2956 conducted by the New York State Energy and Research Development Authority (NYSERDA) or the Request for Proposals (RFP) process conducted by New York City for development of renewable facilities at the Freshkills Landfill; or,
  - iv. Projects that have completed applications for grants in NYSERDA's NY-Sun MW Block Program for projects sized at more than 200 kW; or
  - v. Projects that a State, municipal, district, or local governmental entity has solicited through a Request for Proposals or a Request for Information issued in conformance with applicable law.
2. To retain the monetary crediting, a project must enter service by the date specified in the NYSERDA PONs in 1).iii or NY-Sun MW Block Program for projects sized at more than 200 kW, 1).iv, or another governmental entity process, as that date may be extended by the relevant governmental entity, or by December 31, 2017 if no date is specified by a governmental entity.
  3. If a project is unable to meet the in-service date of December 31, 2017, and meets the following criteria and conditions, the project shall be allowed to retain monetary crediting:
    - a) the customer has provided payment, prior to March 1, 2016, for a Coordinated Electric System Interconnection Review (CESIR) study;
    - b) the customer has demonstrated that, upon receipt of the CESIR study results, the estimated construction schedule indicates a final authorization to interconnect on or after July 1, 2017;
    - c) the customer has made payment, of the full or at least the first installment amount, for the estimated interconnection costs necessary to support the project, by January 31, 2017; and,
    - d) the customer has, by November 30, 2017, submitted an affidavit from the engineer of record for the project, attesting that substantially all of the equipment on the end-use customer's side of interconnection point has been physically constructed and that the only remaining requirements to interconnect the equipment depend upon the Company, such as Company construction and/or authorization to interconnect.
  4. Monetary credits shall remain in effect for a term of 25 years from the later of: April 17, 2015 or the project in-service date.
