**SERVICE CLASSIFICATION No. 1BI**

**3 to 5 Family Residential Heating  
Conversion Service**

**Applicable to Use of Service for:**

Effective January 1, 2017, this service class will be closed to new customers.

Subject to the Special Provision listed below, Service Classification No. 1BI is available to the following customers upon conversion of their non-gas space heating equipment to natural gas space heating equipment to supply the principal residential space heating requirements of any of the following premises:

1. Multiple dwellings in which:
  - a) there are at least three (3) and not more than (5) individual dwelling units; and
  - b) not more than fifty percent (50%) of the cubical content is occupied by non-residential activities; and
  - c) the units receiving such gas service are on a master meter; or
2. Any building or premise with at least three (3) and not more than five (5) individual dwelling units owned or occupied by a corporation or association organized and conducted in good faith for religious purposes where such gas is utilized exclusively in connection with such religious purposes; or
3. Any building or premises owned or leased by a not-for-profit veterans' organization (Chapter 82 of the Laws of 1998).
4. Any community residence as defined in Subdivisions 28, 28a or 28b of Section 1.03 of the New York State Mental Hygiene Law provided that:
  - a. the facility has at least three (3) and not more than (5) individual dwelling units; and
  - b. such facility is operated by a not-for-profit corporation; and
  - c. if supervisory staff is on site on a 24 hour per day basis, that the residence provides living accommodations for 14 or fewer residents.
