ACCESS SERVICES

2. REGULATIONS (Cont.)

2.3 Obligations of the Customer (Cont.)

2.3.3 Jurisdictional Reporting (Cont.)

2.3.3.4 Identification and Rating of VoIP-PSTN Traffic (Cont.)

2.3.3.4.3 Calculation and Application of Percent-VoIP-Usage Factor

Verizon Access will determine the number of Relevant VoIP-PSTN Traffic minutes of use ("MOU") to which interstate rates will be applied under subsection 2.3.3.4.2, above, through the use of a Percent VoIP Usage ("PVU") factor, which in turn will be based on a PVU-C factor and a PVU-V factor. These factors will be derived and applied as set forth below. The PVU-V and PVU-C factors will be based on information such as the number of Verizon Access' or the customer's retail VoIP subscriptions in the state (e.g., as reported on FCC Form 477), traffic studies, actual call detail, or other relevant and verifiable information.

2.3.3.4.3.1 For the period from December 29, 2011 through July 12, 2012, and for the period on and after July 1, 2014:

- (a) The customer will calculate and furnish to Verizon Access a PVU-C factor representing the percentage of the total access MOU that the customer exchanges with Verizon Access in the State that (a) is sent to Verizon Access and that originated in IP format; or (b) is received from Verizon Access and terminated in IP format. A PVU-C factor for the period December 29, 2011 through July 12, 2012 must be submitted by April 15, 2012, in order to apply retroactively to December 29, 2011. A PVU-C factor for the period on and after July 1, 2014 will be submitted by June 1, 2014.
- (b) The Company will, likewise, calculate PVU-V factors for the two periods representing the percentage of Verizon Access' total access MOU in the State that Verizon Access originates or terminates on its network in IP format, and will begin applying those PVU-V factors to the calculation of the PVU factor as of December 29, 2011 and July 1, 2014, respectively.

2.3.3.4.3.2 For the period from July 13, 2012 through June 30, 2014:

- (a) The customer will calculate and furnish to Verizon Access, before July 1, 2012, a PVU-C factor representing the percentage of the total access MOU sent by the customer to Verizon Access in the State that the customer originates in IP format. If the customer submitted a PVU-C factor under Section 2.3.3.4.3.1(a) and does not furnish a new factor under this Section 2.3.3.4.3.2(a), Verizon Access will use that previously submitted factor as the PVU-C for purposes of this subsection 2.3.3.4.3.2(a).
