GENERAL INFORMATION

23. Community Distributed Generation

5. Process and Customer Protections

- a. The Company's CDG Operating Agreement details the format and requirements for CDG application submissions.
- b. Additionally, the Company's CDG Operating Agreement sets forth consumer protections required of CDG Hosts, which may be in addition to, or as modified by, the Uniform Business Practices for Distributed Energy Resource Providers, to be issued by the Commission.
- c. A CDG Host may not request termination or suspension of the Company's electric service to a CDG Satellite Account.
- d. Service under this Rule shall terminate if the Company is notified by the Commission that a CDG Host is no longer eligible; if the CDG Host withdraws from CDG participation; or if the Company terminates service to the CDG Host Account. In such cases, the Account Closure provisions set forth in Section 8 of this Rule shall apply.

6. Calculation and Application of Credits

a. Calculation and Application of Monetary Credits:

A CDG Host Account that is: demand-billed; or has farm waste electric generating equipment Facility Located and Used at its Premises; or has fuel cell electric generating equipment, shall receive monetary credits in a month where the Host Account has Excess Generation. The monetary credit shall first be applied to any outstanding charges on the Host Account's current electric bill.

- i. Excess Generation shall be converted to the equivalent monetary value at the per kWh rate applicable to the Host Account's service classification for a demand-billed customer that does not have farm waste electric generating equipment at its Non-Farm Location; or does not have fuel cell electric generating equipment.
- ii. Excess Generation shall be converted to the equivalent monetary value at the Company's Buy Back Service Classification No. 5 for a customer with farm waste electric generating equipment at its Non-Farm Location; or fuel cell electric generating equipment.

Any remaining monetary credits shall be allocated to each Satellite Account in accordance with the CDG Host designation pursuant to Section 3 as each Satellite Account is billed.

The monetary credit applied to the CDG Host Account shall not exceed the current electric delivery charges, and if applicable, Company supply charges.

The monetary credit applied to each Satellite Account shall not exceed the current electric delivery charges, and if applicable, Company supply charges or Consolidated Bill charges from the ESCO.

b. Calculation and Application of Volumetric Credits:

All other CDG Hosts and their Satellites shall receive volumetric credits in a month where the Host Account has Excess Generation :

- i. Any Excess Generation from the CDG Host shall be allocated to each Satellite Account in accordance with the Host Account designation pursuant to Section 3.
- ii. As each Satellite Account is billed, excess kWh designated to the Satellite Account is converted to a monetary credit and applied to the per kWh charges on the Satellite Account and if applicable, Consolidated Bill charges from the ESCO. Monetary credits are calculated using the per kWh rate for the Service Classification applicable to the Satellite Account. If a credit remains after applying to the Satellite Account, the credit is converted back to kWh based on the per kWh rate for the Service Classification applicable to the Satellite Account.
- c. If a monetary or volumetric credit remains after applying to the Satellite Account, the remaining credit shall remain on the Satellite Account until used. Satellite credits shall not expire at the end of an annual period.
- d. Any unallocated credits or allocations retained at the CDG Host Account, will be combined with the next month's volumetric or monetary credits to be applied to the CDG Host Account and Satellite Accounts, as applicable. If the CDG Host Account was previously established as a net metered customer-generator or Remote Net Metered Host, any outstanding credits shall be included in the CDG Host's first bill pursuant to this Rule.
- e. If the Company is unable to obtain an actual meter read for Host Accounts, the Company shall not be required to estimate Excess Generation output for determining credits to be applied to CDG Satellites.
 - i. CDG Host Accounts will be read every month.
