5. APPLICATION FOR WATER SERVICE FROM FIRE HYDRANTS:

- (a) Water for construction or other temporary purposes may be furnished on an application for a meter service connection from a fire hydrant provided such application has first been approved by the Fire Chief or Village Clerk of the municipality.
- (b) The applicant shall provide a suitable box for the protection of the meter, shall not open or close the hydrant or in any way tamper with the hydrant or meter, and shall promptly notify the Company when the service is to be discontinued. A charge of \$50.00 per day shall be made for the use of the meter connection.
- (c) In all cases where water is to be used for construction or other temporary purposes the applicant shall, in addition to paying any established charge for such connection, make a cash deposit with the Company in the amount of \$500.00 to cover any damage that may be done to the hydrant, meter or any applicant with interest upon the satisfactory discontinuance or service. The Company may also require an additional deposit to guarantee the payment of the charges for water service.

6. RENEWAL OF WATER SERVICE AFTER DISCONTINUANCE TO NON-RESIDENTIAL CUSTOMERS

- (a) When water service to a Customer has been terminated for any reason other than temporary vacancy of the premise it will be renewed only after the conditions, circumstances or practices which cause the water service to be discontinued are corrected to the satisfaction of the Company, and upon payment of all charges due and payable by the Customer in accordance with the Schedule for Water Service.
