8.8 PAY TELEPHONE LINE SERVICE (Cont'd)

8.8.1 General (Cont'd)

B. Pay Telephone Line Service (Cont'd)

- 9) Each pay telephone connected to a Pay Telephone Line must be capable of providing user call completion to 911 Universal Emergency Service, if available. If 911 service is not available, the pay telephone must permit access to the operator.
- 10) Failure of the customer to comply with the provisions of this Tariff may result in the suspension or disconnection of the customer's pay telephone service.

C. Available Features for Pay Telephone Service

Optional call screening/blocking/coin supervision functions, as listed below, are provided at the monthly rates stated. The non-recurring charges shown below do not apply to initial installations, but do apply to subsequent requests made by the customer.

- a. Inbound Call Operator Screening – Automatically screens and blocks incoming third-number billed or collect calls or both, so that callers cannot charge these calls to the customer's line.
- b. Outbound Call Operator Screening – Helps prevent unauthorized charges on outgoing calls, just as Inbound Call Operator Screening does for incoming calls.
- c. 900/976 Block – Prevents call to fee for information services.

[x] Service offerings listed herein are classified as "grandfathered". Grandfathered services are furnished subject to all the rules and regulations of the tariff the same as would be applicable if the service offerings were not grandfathered. No new installations for these services will be made. Existing customers may remain with the service unless the company provides thirty (30) days written notice that the service will be discontinued. Grandfathered services with no subscribers will be removed from the tariff with prior Commission Approval. Adelphia Business Solutions Operations, Inc. had grandfathered these rates to its end user which TelCove Operations, Inc. will continue to serve. As these rates and services are not available to new customers, TelCove Operations, Inc. must reflect these as grandfathered.
