5.3   CENTREX-TYPE SERVICE (Cont'd)

5.3.3   TelCove Centrex-Type Service Feature Groups (Cont'd)

f.   Digital Electronic Telephone Set (DETS) Features Package

These chargeable features are available only as a complete package exclusively for digital centrex customers. The package provides advanced station call handling features.

- <u>Add On Module</u> allows for the provisioning of additional modules attached to a DETS.
- <u>Auto Intercom</u> allows a digital electronic telephone set user to directly terminate on another pre-designated digital electronic telephone set by depressing the intercom key.
- <u>Automatic Call Hold</u> eliminates the need to activate the hold feature or hold button prior to answering a second call appearance. When a second call appearance is selected, the first call appearance is automatically put on hold.
- <u>Caller ID – Number & Name</u> displays the originating telephone number and associated name of an incoming call on customer-provided equipment.
- <u>Direct Station Selection</u> allows the user to ring a monitored appearance station line by depressing the button associated with that monitored appearance.
- <u>Display Called Number</u> provides the user of a digital electronic telephone set equipped with an LCD with a display of dialed digits during the origination, termination, programming, and feature activation operations.
- <u>Feature Access</u> provides for the use of dial codes as an alternative method of accessing digital electronic telephone set features by feature keys.
- <u>Feature Display</u> provides the user of a digital electronic telephone set equipped with an LCD with a display of user-entered data and incoming call information during the use of other Centrex Features.
