## Section 4 - INTRALATA / INTERLATA TOLL USAGE AND MILEAGE CHARGES

### 4.1 INTRALATA TOLL USAGE AND MILEAGE CHARGES

#### Description

IntraLATA toll service is furnished for communication between telephones in different local calling areas within a particular LATA in accordance with the regulations and schedules of charges specified in this tariff. The toll service charges specified in this section are in payment for all service furnished between the calling and called telephone, except as otherwise provided in this Tariff.

IntraLATA toll calling includes the following types of calls: direct dialed, calling card, collect, 3rd number billed, special toll billing, requests to notify of time and charges, person-to-person calling and other station-to-station calls.

#### 4.1.1 Classes of Calls

Service is offered as two classes: station-to-station calling and person-to-person calling.

1. Station-to-Station Service is that service where the person originating the call dials the telephone number desired or gives the Company operator the telephone number of the desired telephone station or system.
2. Person-to-Person Service is that service where the person originating the call specifies to the Company operator a particular person to be reached, a particular mobile unit to be reached, or a particular station, department or office to be reached. The call remains a person-to-person call when, after the telephone, mobile telephone, or PBX system has been reached and while the connection remains established, the person originating the call requests or agrees to talk to any person other than the person specified, or to any other agreed upon alternate.
