ACCESS SERVICE

4. SWITCHED ACCESS SERVICE (Cont'd)

4.6 Obligations of the Customer (Cont'd)

4.6.6 Jurisdictional Report Requirements (Cont'd)

(1) Percent Interstate Usage (PIU) and Intrastate IntraLATA Local Usage Percentage (LUP) Factors (Cont'd)

In order to provide credit for the Local Switching and/or CCL charges for interstate traffic which originates at RTU Services, the following applies. Where the Company specific usage data is not available to identify the interstate traffic which originates at RTU Services, the customer will provide recorded minutes of use (MOU) originating at RTU Services to the Company each month. This information shall be delivered to the Company, at a location specified by the Company in a timely manner. If the required information is not received by the Company, the previously reported information, as described preceding, will be used for the next two months or until the customer furnishes such information to the Company, whichever occurs first. For any subsequent month, no allocation or credit will be made until the required documentation is delivered to the Company by the customer.
