## ACCESS SERVICE

### 4. SWITCHED ACCESS SERVICE (Cont'd)

#### 4.7 Rate Regulations (Cont'd)

##### 4.7.1 Description and Application of Rates and Charges (Cont'd)

###### C) Nonrecurring Charges

Nonrecurring charges are one-time charges that apply for a specific work activity (i.e., installation or change to an existing service). The types of nonrecurring charges that apply for Switched Access Service are: service connection and service rearrangements. In addition, an Access Order charge and an Engineering charge apply for Feature Group D Switched Access Service.

Nonrecurring charges for DS1 or DS3 Entrance Facility, Channel Terminations, and certain Optional Features are arranged in pricing zones. The pricing zone for each serving wire center is specified in NATIONAL EXCHANGE CARRIER ASSOCIATION, INC. TARIFF F.C.C. No. 4.

###### (1) Service Connection

Service Connection charges are nonrecurring charges which apply to each Switched Access Service installed. For Switched Access Service ordered on a per line or trunk basis, the charge is applied per line or trunk. For Switched Access Service ordered on a busy hour minutes of capacity basis, the charge is also applied on a per trunk basis but the charge applies only when the capacity ordered requires the installation of an additional trunk(s).

In addition, an Access Order charge and an Engineering charge as set forth in (3) and (4) following, will apply for Feature Group D Switched Access Service.
