ACCESS SERVICE

1. GENERAL REGULATIONS

1.1 APPLICATION OF TARIFF

This tariff contains regulations, rates and charges applicable to the provision of access services by Media Three Corporation, Inc. to Customers.

The provision of service by the Company as set forth in this tariff does not constitute a joint undertaking with the Customer for the furnishing of any service.

This tariff applies to intrastate access services provided by and its Subsidiaries, affiliates, connecting, concurring and/or participating carriers, or other telecommunications service providers engaged in the exchange, transit, origination or termination of access service traffic in the State of New York.

Except as provided in 3.1.3.1, this tariff applies only to the extent that services provided hereunder are used by a Customer for the purpose of originating or terminating intrastate communications. A communication is "intrastate" only if all points of origination and termination are located within the State of New York.

Notwithstanding the maximum rate levels shown in this tariff, total combined charges for intrastate switched rates, on an average per-minute of use basis, including switching, transport and carrier common line (CCL), cannot exceed the average rate per-minute realized by the largest carrier in the LATA, without a showing that higher rates are cost-based and in the public interest, pursuant to the Commission's Order in Cases 94-C-0095 and 28425.
