7.2.2 Business Key System Line Service

.1 Description

Business Key System Line Service provides the customer with a single, analog, voice-grade telephonic communications channel which can be used to place or receive one call at a time. The Business Key System Line is available as a message rated service. Business Key System Line Service is provided for connection of customer-provided key system terminal equipment. All key system lines will be equipped with touchtone and multiline hunt.

Calls to points within the local exchange area are charged on the basis of the number of completed calls originating from the customer's service in addition to a base monthly charge. Local calling areas are as specified in Section 10.

Each Business Key System Line has the following characteristics:

Terminal Interface:	2-wire
Signaling Type:	Loop start
Pulse Types:	Dual Tone Multi frequency (DTMF)
Directionality:	Two-Way, In-Only, or Out-Only, at the option of the customer
