- ☐ Calls to 800 Service numbers
- ☐ Calls to 900 Service numbers
- ☐ Calls preceded by an interexchange carrier access code
- ☐ International Direct Distance Dialed calls
- ☐ Calls to Directory Assistance

c. Automatic Recall

The Automatic Recall stores the number of the most recent incoming call (including unanswered incoming calls) to a customer's number. This allows a customer to dial back any missed or unanswered telephone calls.

d. Customer Originated Trace

Customer Originated Trace allows customers to key in a code that alerts the network to trace the last call received. The traced telephone number is automatically sent to the company for storage for a limited amount of time and is retrievable by legally constituted authorities upon proper request by them. By contacting the company the customer can use this application to combat nuisance calls.
