**SECTION 4 - MISCELLANEOUS SERVICES, (Cont'd.)****4.5 Toll Free Services****4.5.1 Business Toll Free Service****A. General Description**

Business Toll Free Service provides for the termination of inbound toll free calls to one party exchange access lines or to dedicated access facilities. When service is used for both interstate and intrastate calling, fixed charges apply only once.

(T)

The minimum service period is one month. Unless otherwise specified below, the following optional features are available for all Toll Free service plans offered by Company in this tariff. The Company's Business Toll Free Services for intrastate use are sold as an add-on to interstate Business Toll Free Services. Charges for specialized features, monthly recurring charges, and nonrecurring charges are set forth in the Company's federal rate schedules posted on the Company's website at [www.verizonldregulatory.com](http://www.verizonldregulatory.com).

(T)

**B. Business Toll Free Service Number Assignment**

Customer will be assigned an 800/888 XXX-XXXX number. 800/888 Number Service allows for but does not require the 800/888 Service Customer to use the number. The assigned 800/888 number will terminate to an exchange access line or to dedicated access facilities.
