

PSC No: 19 - Electricity
Rochester Gas and Electric Corporation
Initial Effective Date: February 1, 2014
Issued in compliance with Order in Case 13-E-0425 dated September 18, 2013

Leaf No. 160.39.9.1
Revision: 1
Superseding Revision: 0

GENERAL INFORMATION

19. Fuel Cell Electric Service Option (Cont'd)

B. Non-Residential Electric Service Option (Cont'd)

4. Remote Net Metering

a. Definitions

Host Account: The customer meter where the fuel cell generating equipment is located and interconnected with the Company's distribution system.

Satellite Accounts: Additional meters designated by the Host Account, with the same name on the account, for the application of excess net metering credits.

Excess Generation: the electricity (kWh) supplied by the customer to the Company during the billing period exceeds the electricity (kWh) supplied by the Company to the customer.

b. Customer Requirements and Eligibility

A customer participating in Fuel Cell Non-Residential Electric Service Option may designate all or a portion of the excess credit, after application to the Host Account, to Satellite Accounts at any property owned or leased by such customer within the same load zone as determined by the Locational Based Market Price. This will be completed on a form when submitting their initial remote net metering application.

Satellite Accounts must be held by the same customer and have an identical billing name, on property owned or leased by such customer. The utility reserves the right to investigate/obtain proof that all designated accounts are held by the customer. Satellite Accounts cannot also participate as a net metering customer-generator. Satellite Accounts can only have one Host Account.

c. Enrollment and Change Period

After the customer's initial application, the enrollment and change period is from January 1 through January 31. Any changes will be effective with the initial Host Account billing after March 1.

Remote Net Metering customers may submit a change request form annually during the change period to designate additional Satellite Accounts or delete existing active Satellite Accounts. The customer may also change the portion (percentage) of excess to remain at the Host Account once per year.
