RIDER S – COMMERCIAL SYSTEM RELIEF PROGRAM - Continued

C. Definitions – Continued

“Performance Factor,” when a Planned Event or Test Event is called in a network, is the ratio of: (i) the average hourly kW of Load Relief provided by the Direct Participant or Aggregator during the requested hours, up to the kW of contracted Load Relief to (ii) the kW of contracted network Load Relief. “Planned Event” refers to the Company’s request, on not less than 21 hours’ advance notice, for Load Relief during the Contracted Hours. Planned Events will be called when the Company’s day-ahead forecasted load level is at least 96 percent of the forecasted summer system-wide peak. Day-ahead and summer peak forecast information for the system will be posted to the Company’s website.

“Renewable Generation” means behind-the-meter electric generating equipment that is not fossil-fueled and has no emissions associated with it.

“Test Event” refers to the Company’s request under the Reservation Payment Option for Direct Participants and Aggregators to provide one hour of Load Relief, within the four-hour span of Contracted Hours, on not less than 21 hours’ advance notice.

“Three-Year Incentive Payment” refers to a payment awarded to a Direct Participant or an Aggregator, per customer after the end of the Three-Year Incentive Period, if the average Load Relief provided for each Load Relief Period or Test Event by the Direct Participant or Aggregator’s customer is greater than 0 kW over the course of the Three-Year Incentive Period. Performance during Unplanned Events will not be considered in determining eligibility for the Three-Year Incentive. If the performance of a Direct Participant or a Customer of an Aggregator is 0 kW, the Direct Participant or Customer of an Aggregator can regain eligibility for the Three-Year Incentive by enrolling in the next Capability Period and maintaining satisfactory performance during the following Three-Year Incentive Period.

“Three-Year Incentive Period” refers to customer participation for three consecutive Capability Periods under the Reservation Payment Option.

“Unplanned Event” refers to the Company’s request for Load Relief: (a) on less than 21 hours’ advance notice; or (b) for hours outside of the Contracted Hours.
