SPECIAL PROVISIONS:

1. Water may be taken from any public hydrant only by duly authorized members of the municipal fire department for the sole purpose of extinguishing fires. Water shall not be taken from any public fire hydrant, either by duly authorized members of the municipal fire department or by any other person for any purpose other than extinguishing fires, unless specifically authorized by the Company.
2. Requests for the installation of public hydrants must be made in writing by an authorized official of the municipality, specifying the exact location of the required hydrant. When a request is made by a municipality to change the location of an existing hydrant, the entire cost of the work must be borne by the municipality requesting the change.
