###### (E) Monthly Rates

Monthly rates are flat recurring rates that apply each month or fraction thereof that an Entrance Facility, a Direct Trunked Transport Switched Access Service, a Dedicated Tandem Trunk Port, Dedicated End Office Trunk Port, certain dedicated multiplexing functions or chargeable optional feature is provided. For billing purposes, each month is considered to have 30 days.

Monthly rates for Channel Termination, Channel Mileage, and certain options and features and functions for 1.544 Mbps and 44.736 Mbps High Capacity Services are arranged in pricing zones. The pricing zone for each serving wire center is specified in the NATIONAL EXCHANGE CARRIER ASSOCIATION, INC. TARIFF F.C.C. No. 4.

Monthly rates for DS3 Entrance Facility Standard Channel Terminations apply on a tapered schedule as set forth in Section 5.6 following. The rate to be billed for each channel termination is based on a count of the total eligible Switched and Special Access channel terminations used for interstate rating purposes as described in the Media Three Corporation F.C.C.
