### **SERVICE CLASSIFICATION No. 18 – Continued**

#### **2. NCTS 6C and 6G - Temperature Controlled Transportation Service**

##### Rate Schedule 1:

Customers whose annual weather normalized usage is less than 10,000 dth

A monthly charge equal to:

The first 10 therms or less: \$187.37

All over 10 therms: The net margin per therm, net of applicable taxes, which is computed by subtracting the Temperature Controlled cost of gas per therm, as explained on Leaf No. 74, from the monthly posted variable rate per therm in effect for the applicable service classification and consumption rate schedule for Temperature Controlled sales service, including a \$.046/therm demand charge.

##### Rate Schedule 2:

Customers whose annual weather normalized usage is equal to or greater than 10,000 dth

A monthly charge equal to:

The first 10 therms or less: \$292.32

All over 10 therms: The net margin per therm, net of applicable taxes, which is computed by subtracting the Temperature Controlled cost of gas per therm, as explained on Leaf No. 74 from the monthly posted variable rate per therm in effect for the applicable service classification and consumption rate schedule for Temperature Controlled sales service, including a \$.046/therm demand charge.

##### Rate Schedule 3:

Service under this category will be available to any customer or cooperative that demonstrates, to the Company's satisfaction, that it has fuel purchasing alternatives entitling it to a separately negotiated rate and that it (directly or indirectly) has a controlling ownership interest in one or more buildings within the Company's service territory with a combined annual weather normalized usage of natural gas that is at least 450,000 dth. The rate for and other terms and conditions of service to customers qualifying under this rate schedule will be set forth in a service agreement negotiated between the Company and the customer, which will be filed with the Commission. Negotiated service agreements at similar overall terms shall be available to all similarly situated customers. The minimum rate charged must be sufficient to recover all costs incurred to serve the customer including a reasonable contribution to fixed costs. The rate shall include the following components:
