

AT&T Communications of New York, Inc.
P.S.C. No. 24 -- Telephone
Residential Local Exchange Services
Effective Date: July 1, 2013

Section 5
Leaf No. 42
Revision: 1
Superseding Revision: 0

SECTION 5 - CONSUMER SERVICE DESCRIPTIONS

5.10 LOCAL CALLING PLANS (Cont'd)

5.10.3 AT&T One Rate Advantage Plan (Cont'd)

The customer can enroll in only one state-to-state pricing plan for AT&T direct dialed station calls for the access line that is associated with this plan unless AT&T notes otherwise.

If your main residential telephone account has multiple lines associated with it, a Monthly Recurring Charge will apply to each line that you have chosen for this plan.

The MRC is billed in advance (customers may have two MRCs charged to their account in the first billing month, which apply to the month they enrolled as well as the next month). The MRC is applied whether or not the customer makes any calls. The full monthly charge for this plan will still apply should the customer no longer subscribe to AT&T as their Primary Long Distance Carrier unless the customer contact AT&T directly and no longer subscribe to AT&T for their Local Service or the customer choose another AT&T Local calling plan.

This plan provides unlimited minutes of direct dialed 1+ domestic calling for residential voice service only. If it is determined that any intraLATA toll, in-state long distance, and state-to-state usage, and calls to Canada usage are not consistent with residential voice applications, such as for Internet access services, commercial facsimile or auto-dialing, resale, telemarketing or other non-residential uses, AT&T may immediately suspend, restrict or cancel the Customer's service without prior notice

There will be no individual call detail on the customer's AT&T billing statement that is associated with the direct dialed station state-to-state calls, in-state long distance calls, and calls to Canada that are included in this plan. For these calls, this means there will be no indication of originating or terminating points called, time-of-day called, nor a list of the number of minutes called.

If at any time the customer selects a carrier other than AT&T as their Local Exchange Carrier, the customer will terminate their participation in this plan. (N)

This plan is subject to billing and technical availability and is available where AT&T provides and issues the bill. (N)

This offer is an add-on to the interstate plan. Additional terms and conditions can be located at: <http://www.att.com/serviceguide/home>.
