- 4.3.9 Application of Rates and Charges (Cont'd)  
 B. Nonrecurring Charges (Cont'd)

3. Administrative Charge – A nonrecurring charge applies (per order, per UNI) when Customer initiates a change to one or more of the following: UNI bandwidth, PVCs, quality of service parameters and/or other service parameters that do not require changes in physical facilities and that can be provisioned by Company without the dispatch of a technician to Customer location. For each service order issued, the charge will be one Administrative Charge regardless of the number of changes made. The Administrative Charge does not apply for those items ordered on the same service order with the installation of a UNI. (M)

- C. Special Facilities Routing – The Customer may request that the facilities used to provide ATM CRS be specially routed. Additional charges will apply based on cost.
- D. Acceptance Testing – At no additional charge, the Company will, at the Customer's request, cooperatively test, at the time of installation. Acceptance tests will include tests for the parameters applicable to the service as specified in the order for service.
- E. Moves – When the Customer requests a move or relocation of the UNI, the move or relocation will be treated as a termination of the existing service and the establishment of a new service for the application of all charges.

## 4.3.10 Extended Service Plan (ESP)
