Clear Choice Telecom Inc. dba "Hello Choice" NY PSC Tariff No. 1 Effective Date: 03/16/2013 Leaf: 10 Revision: 0 Superseding revision:

INTEREXCHANGE SERVICE TARIFF

SECTION 1 TECHNICAL TERMS AND ABBREVIATIONS

<u>Platform:</u> Platform is the proprietary technology and associated computer equipment that is used in conjunction with Prepaid Calling Card Service(s).

Point-of-sale: Point-of-sale is the location at which the cardholder purchases the prepaid calling card.

<u>POP</u>: POP is an acronym for Point-of-Presence. A POP may be (a) the central office of the DUC; (b) a location where the LEC or CLEC hands off the traffic of the Company's customers to the DUC; or (c) the location where the customer's facility interconnects with the DUC.

<u>Prepaid Calling Card:</u> Prepaid Calling Card Service allows a customer to purchase a predetermined amount of access to the Company's long distance services prior to the use of service. Prepaid Calling Cards are also called debit cards.

Reseller: Reseller denotes a customer that resells the Company's services.

<u>Resp. Org.</u> -Responsible Organization or entity identified by a Toll-Free service Customer that manages and administers records in the toll free number database and management system.

<u>Service</u>: Service consists of any telecommunications service provided by the Company pursuant to this tariff.

State: State refers to the state of New York.

Switched Access: If a customer's location has a transmission line that is switched through the LEC or CLEC to reach the network of the DUC, the access is switched.

Switched Service(s): Switched services are any services that are described in this Tariff.

<u>Telecommunications</u> -The transmission, between or among points specified by the user, of information of the user's choosing, without change in the form or content of the information as sent and received.

<u>Underlying Carrier</u> -The telecommunications carrier whose network facilities provide the technical capability and capacity necessary for the transmission and reception of Customer telecommunications traffic.
