
INTEREXCHANGE SERVICE TARIFF

SECTION 1
TECHNICAL TERMS AND ABBREVIATIONS

Customer: A Customer is the person or entity in whose name service is rendered, as evidenced by the signature on the application or contract for service, or by the receipt and/or payment of bills regularly issued in his name regardless of the actual user of the service.

Customer Premise(s) / Customer's Premise(s): Customer Premise(s) / Customer's Premise(s) locations are designated by a customer where service is originated or terminated.

Clear Choice Telecom Inc. or the Company -Used throughout this tariff interchangeably to mean Clear Choice Telecom Inc., a New York Corporation.

Dedicated Access: The Customer gains entry to the Company's services by a direct path from the Customer's location to the Company's point of presence.

DUC: DUC is an acronym for Designated Underlying Carrier.

End User: End User is the person or legal entity which uses the service provided by the Company.

F.C.C.: F.C.C. stands for Federal Communications Commission.

InterLATA Call: An interLATA call is any call that originates in one LATA and terminates in a different LATA.

IntraLATA Call: An intraLATA call is any call that originates and terminates within the same LATA.

IXC: IXC stands for Interexchange Carrier.

LATA: LATA is one of the geographic local access and transport areas established as a result of the AT&T divestiture.

LEC: LEC is an acronym for Local Exchange Carrier.

NPA: NPA literally stands for Numbering Plan Area but is more commonly referred to as an area code.

NXX: NXX represents the first three digits of a customer's telephone number.

PIC: PIC stands for Primary Exchange Carrier.

PIN: PIN stands for Personal Identification Number.
