Individual Case Basis (ICB)

Individual Case Basis (ICB) determinations involve situations where complex Customer-specific Company arrangements are required to satisfactorily serve the Customer. The nature of such Service requirements makes it difficult or impossible to establish general tariff provisions for such circumstances. When it becomes possible to determine specific terms and conditions for such offerings, they will be offered pursuant to such terms and conditions.

Installation

The connection of a Circuit, Dedicated Access line, or port for new, changed or an additional Service.

Interexchange Service

Interexchange Service means that portion of a communications channel between a Company-designated Point-of-Presence in one exchange and a Point-of-Presence in another exchange.
