**SERVICE CLASSIFICATION No. 7**  
**Interruptible Transportation Service**

**Rate Code:** 710 - Interruptible Transportation - Category A  
710A - Interruptible Transportation - Category DSRS  
711 - Interruptible Transportation - Category C  
720 - Interruptible Transportation - Category B  
721 - Interruptible Transportation - Category D  
469 - Non-Core Transportation Service for Electric Generators

**A. Availability and Applicability of Service:**

Service for the interruptible transportation of Customer-owned natural gas by the Company under this Service Classification is available to either a single large volume non-residential gas customer that can demonstrate annual natural gas consumption of at least 5,000 DTHM at a single meter or an electric generator that has generation capacity of less than 50 Megawatts.

**1. Interruptible Transportation for Large Volume Non-Residential Gas Customers**

To obtain service under this Service Classification, Customer must enter into an interruptible transportation service agreement with the Company. The form of service agreement is provided in General Information, Section IV. Forms for Gas Service

Customers will agree to the following:

- a) To only use gas delivered by the Company under this Service Classification in the equipment specified on Attachment A to the Interruptible Transportation Service Agreement;
- b) To discontinue the use of gas service furnished hereunder upon notice to the Customer by the Company as provided "Character of Service" on Leaf 150.1;
- c) To provide and maintain complete and adequate standby facilities except as may be permitted by the Company in its sole discretion because of the nature of the Customer's operations; and
- d) To keep available at all times sufficient standby fuel to maintain continuous plant operation during periods of discontinuance of service except as may be permitted by the Company in its sole discretion because of the nature of the Customer's operations.

Availability of such service shall be subject to the conditions set forth in the Special Provisions and Rule II.7B.

All large volume non-residential gas customers taking service under this Service Classification can opt to be supplied by Sellers participating in either the Company's Monthly Balancing Program or Daily Balancing Program.

Customers that opt to be supplied by Sellers participating in the Daily Balancing Program must have Automatic Remote Meter equipment installed at their premises as well as a dedicated communication link that will allow the Company to access their meter readings periodically throughout the day. The customer is required to pay for the Automatic Remote Meter and dedicated communication link.
