In the event a customer is eligible to purchase his own gas supply and deliver it to the Company's city gate without the use of a Seller that is an ESCO or Marketer, the customer shall be considered to be a Direct Customer and his own Seller, and, as such, shall adhere to all provisions of the Seller Service under Service Classification No. 8 with the exception of the Company's Mandatory Capacity Program as described on Leaf Nos. 159.1.4

2. Non-Core Transportation for Electric Generators

Gas deliveries are in accordance with Sections D, E and L of Service Classification No. 14.

E. Terms of Payment:

The Customer shall pay the balance due in cash or its equivalent on receiving the bill, or may be subject to late payment charge.

F. Charge for Late Payment:

A late payment charge at the rate of one and one half percent (1½%) per month will be applied to the accounts of all Customers, except state agencies, taking service under this Service Classification. The charge will be applied to all amounts billed, including arrears, and unpaid late payment charge amounts applied to previous bills that are not received by the Company on or before the date specified on the bill. The date so specified will not be less than 20 days after the last day of each billing period. Service to state agencies will be rendered in accordance with the provisions of Article XI-A of the State Finance Law (Chapter 153 of the Laws of 1984, effective July 1, 1984). Notwithstanding the foregoing, the Company reserves the right to discontinue service and/or to take any other action permitted by law with respect to any Customer who fails to make full and timely payment of all amounts due the Company, including amounts due for late payment charges hereunder.

A large volume non-residential gas Customer who wishes to transfer to firm sales service under Service Classification Nos. 2, 3, 15, 16, and 17 may do so if the Company deems such service to be generally available to new service applicants.

H. Individually Negotiated Service:

Notwithstanding any provision contained in this Service Classification, the Company maintains the right to individually negotiate service agreements with large volume non-residential gas customers for the provision of interruptible transportation service.
