SECTION 6 - SPECIAL SERVICES AND PROGRAMS (Cont'd)

6.6 Schools And Libraries Discount Program (Cont'd.)

6.6.1. General (Cont'd.)

As indicated in the Rules, the discounts will be between twenty percent (20%) and ninety percent (90%) of the pre-discount price, which is the price of services to schools and libraries prior to application of a discount. The level of discount will be based on an eligible school or library's level of economic disadvantage and by its location in either an urban or rural area. A schools level of economic disadvantage will be determined by the percentage of its students eligible for participation in the national school lunch program, and a library's level of economic disadvantage will be calculated on the basis of school lunch eligibility in the public school district in which the library is located. A non-public school may use either eligibility for the national school lunch program or other federally approved alternative measures to determine its level of economic disadvantage. To be eligible for the discount, schools and libraries will be required to comply with the terms and conditions set forth in the Rules. Discounts are available only to the extent that they are funded by the federal universal service fund. Schools and libraries may aggregate demand with other eligible entities to create a consortium.

Voice mail services are ineligible for schools and libraries discount.
