

ZenFi Networks, Inc.
Tariff NY PSC No. 1
Effective Date: September 27, 2014

Leaf No. 8
Revision: 0
Superseding Revision:

1. Dark Fiber Service is a Private Line Service which is Customer monitored and provided on a multi-point basis between the following locations and can be provided with segments independent of the Incumbent Local Exchange Carrier's Local Network:
 - (a) Customer designated premises; and
 - (b) a Company designated POP and a Customer designated POP
2. ZenFi Networks, Inc. shall lease to the Customer and grant exclusive use of the Customer Fibers to Customer for the Service Order Term as more particularly described in the applicable Service Order, following the delivery and Acceptance of the Customer Fibers.
 - (a) Direct Local Transport Service is a Private Line Service provided on a two-point basis between the following locations:
 - (i) a Customer designated premises; and
 - (ii) a Company designated POP and a Customer designated POP
 - (b) Direct Local Transport Service is provided only where facilities are available and is subject to the technical limitations of the digital equipment used by the Company. If equipment, new facilities or changes to existing facilities are required for the provision of this service, a special construction charge will apply in addition to the rates for Direct Local Transport Service.
 - (c) Direct Local Transport Service is a service for the transmission and switching of digital signals, and uses digital transmission facilities.
 - (d) Direct Local Transport Service is furnished on a full-time basis, 24 hours a day, seven days a week.
