ACCESS SERVICE

3. CARRIER COMMON LINE ACCESS SERVICE (Cont'd)3.4 Obligations of the Customer (Cont'd)

(F) When the customer orders combined access as set forth in 3.3(D) preceding, the customer will be charged the Carrier Common Line Access charges in accordance with the regulations as set forth in 3.7(D) following if the customer or the provider of the MTS or WATS service furnishes documentation of the MTS or WATS usage and/or the customer furnishes documentation of the MTS-type or WATS-type usage and/or the customer provided sufficient information about its network to demonstrate that the Company provided intrastate Private Line Services are used for the resale of services ordered in 3.3(C). If the resold service is Telephone Company provided Private Line Service then the resold service must be utilized to distribute the originating MTS/WATS-type service calls to another LATA or to another point of presence within the same LATA (see example as set forth in 3.3(B)(1) preceding). When the MTS-type or WATS-type service provided by the customer, utilizing such resold services, originate in more than one Telephone Company service area, the sum of the Companies shall not exceed such resold usage. The documentation supplied by the customer shall be supplied each month as set forth in 3.4.1 and 6.7.3(A) following.

(G) When the customer obtains access as set forth in 3.3(E) preceding, the customer will be charged the Carrier Common Line Access Charges in accordance with the regulations as set forth in 3.7(E) following (1) if the customer furnishes documentation of MTS/WATS usage or MTS/WATS-type services, or (2) the customer provides sufficient information about its network to demonstrate that the Company provided intrastate Private Line Services are exclusively used for the resale of services ordered in 3.3(B) and that such Private Line Service are subject to rates which generate revenue that exceeds the cost of such Private Line Service by not less than the product of the Carrier Common Line rate which would normally apply and the originating access minutes of use routed to the Private Line Service. When the Telephone Company provided intrastate Private Line Service provides a contribution that is less than the Carrier Common Line charge as determined above, the customer at its option may employ ordinary local business exchange service at generally applicable local business exchange rates and pay the difference between the contribution and the Carrier Common Line charge. The Private Line contribution is specified in the OTIS II regulations found in PSC No. 15--COMMUNICATIONS Tariff. When the MTS-type or WATS-type service provided by the customer utilizing such resold service, originate in more than one Telephone Company service area, the sum of the adjustments to the originating access users from these Telephone Companies shall not exceed such resold usage. The documentation about such information shall be supplied each month as set forth in 6.7.3(A) following.
