## SECTION 2 – RULES AND REGULATIONS

### 2.21 Emergency/Crisis/Disaster Restoration and Provisioning Telecommunications Service Priority, (Cont'd.)

#### 2.21.4 Responsibilities of the Company, (cont'd.)

- (J) Assist in ensuring that priority level assignments of NS/EP services are accurately identified "end-to-end" by providing to subcontractors and interconnecting carriers the restoration priority level assigned to a service.
- (K) Disclose content of the NS/EP TSP database only as may be required by law.
- (L) Comply with regulations and procedures supplemental to and consistent with guidelines issued by the OPT.

#### 2.21.5 Preemption

When spare facilities are not available, it may be necessary for the Company to preempt the facilities required to provision or restore a TSP service. When preemption is necessary, non-TSP services may be preempted based on the Company's best judgment. If no suitable spare or non-TSP services are available, the Company may preempt an existing TSP service to restore a TSP service with a higher restoration priority assignment. When preemption is necessary, prior consent of the service user whose service will be preempted is not required; however, the Company will make every reasonable effort to notify the preempted customer of the action to be taken.

### 2.22 Unused Calling Cards (T)

Any Company-provided Residential Travel Service calling card that has not been used or is no longer used for any continuous 18 month period will be considered abandoned by the Company. The Company may, at its sole discretion, deactivate any abandoned calling card(s) without further Customer notice. (N)
