- 24-Month Term Plan Option#

Termination Liability

The following terms apply to customers who subscribe to the plan on or before June 30, 2006.

- (i) If a customer under a 24-month contract terminates services during the first 18 months of the contract, the customer will pay early termination charges as specified in (iv) following. However, if a customer terminates the service during the first 18 months of the contract, and changes to another service under a term commitment with a value equal or greater than the remaining value of the current term commitment, the customer will not pay termination charges provided both the discontinue and new order are received by the Company at the same time. If the customer terminates the services after the 18th month of the contract, the customer will not pay termination charges.
- (ii) The customer must contact the Company prior to the end of the contract period in order to renew the contract for additional periods of time.
- (iii) If the customer does not renew the contract before the end of the contract period, the rate will revert to the month-to-month rate.
- (iv) Early termination charges will be calculated by taking the difference between the month-to-month rate and the contract rate and multiplying it by the number of months in service.

Effective August 5, 2013, Foreign Exchange lines with a 24-month term will no longer be available.
